- MVC
- SASS
- SQLITE
- Laravel

PROFILE

I started in some other disciplines, but I did not find the passion or patience for learning, but in the software specialization, I found the matter different, as I see the result of my work at the same moment, and I found passion, love work and patience, and I always strive to find a point in which I am distinguished and a shining star. I look for a place that helps me keep going and appreciates my efforts

EXPERIENCE

ACS (Nova 2022 – Present)
